Dear Miss Specht,

I am glad you had an opportunity to come in and discuss the prospect of starting a station at Smith College. Your note of September twelfth was kind and unexpected.

I am sending under separate cover some material on campus radio and IBS. You may have some of it already, but it will be handy for you to show to others in the course of your researches.

Cordially yours,

David Linton
Program Manager.

Dear Mr. Linton,

This is just a brief note to express my thanks to you for all your very helpful information and for your interest, that you gave to me this past week.

As soon as I return to Smith I will see what can be done about getting an organization set up to promote and supervise the construction of radio at Smith College. After investigating this problem and the painful factor of money, I will get in touch with you again and inform you of our plight--be it good or bad (ie the prospects)

again--many thanks.

Very truly yours,

Elizabeth Specht
